

THE 2ND ANNUAL

NIGERIAN BUSINESS AVIATION CONFERENCE

NBAC 2027

Fly to the Future: Innovation, Sustainability & Leadership

DATE: MAY 4 - 5, 2027

VENUE: MARRIOTT HOTEL, IKEJA, LAGOS

HOST: NBAC STEERING COMMITTEE

CHAIRMAN'S WELCOME

Dear Delegates, Sponsors, Partners, and Distinguished Guests,

On behalf of the Steering Committee, I am immensely proud to welcome you to the 2nd annual Nigerian Business Aviation Conference (NBAC 2027).

West Africa's business aviation industry is entering a defining era. To scale and compete globally, operators, regulators, financiers, and technology innovators must build cohesive ecosystems. Under this year's theme, 'Fly to the Future', NBAC 2027 serves as the primary meeting point for elite decision-makers to tackle infrastructure challenges, align with regulatory frameworks, implement Sustainable Aviation Fuel (SAF) readiness, and explore artificial intelligence applications in operations.

Over the course of the next two days, you will engage in high-level networking, explore aircraft static displays, participate in peer-led panel discussions, and witness the next generation of aerospace entrepreneurs pitching at our AeroLab arena.

Thank you for your active commitment to shaping the skies of West Africa. We look forward to your valuable insights and partnerships.

Segun Demuren

Chairman, NBAC Steering Committee

300+

Delegates

30+

AeroLab Finalists

15+

Expert Speakers

FEATURED SPEAKERS

Segun Demuren

Chairman — NBAC Steering Committee

Segun Demuren is a prominent leader in African business aviation, with decades of experience driving transport logistics, investments, and aviation development across West Africa.

Steve Varsano

Founder — The Jet Business

Steve Varsano is the founder of the world's first street-level corporate aviation showroom, and is a globally renowned jet broker with over 40 years of transaction experience.

Chidinma Okafor

Head of Regulatory Compliance — Nigerian Civil Aviation Authority (NCAA)

Ms. Chidinma Okafor is an aviation law expert specializing in regulatory compliance, safety oversight audit processes, and airspace management policies.

Capt. Fatima Ali

Director of Flight Operations — Zenith Jet Services

Capt. Fatima Ali is a pioneer in corporate aviation piloting with over 8,000 flight hours command experience on Gulfstream and Bombardier aircraft.

FEATURED SPEAKERS

Dr. Adebayo Ojo

Senior Aviation Economist & Advisor — Lagos Business School

Dr. Adebayo Ojo conducts policy research on transport economics and infrastructure financing, consulting for governments and private airport consortia.

Dr. Amina Olaye

Executive Director — AeroGreen Technologies

Dr. Amina Olaye is an aerospace engineer and environmental advocate leading research into sustainable aviation fuels (SAF) and green propulsion systems.

Erica

Aviation Finance Lead — TLG Capital

Erica is a leading finance specialist specializing in real-world aircraft leasing, structure financing, and aviation asset management in emerging markets.

Capt. Ibrahim Nuru

Chief Pilot — Air Nigeria Charter

Capt. Ibrahim Nuru commands charter operations across the Middle East and African corridors, advising operators on procedural safety and FBO logistics.
